

Mickey Mouse

Resources:

- Paper
- Red paper
- Scissors
- Paint
- Sponge or brush
- Glue

OPTIONAL

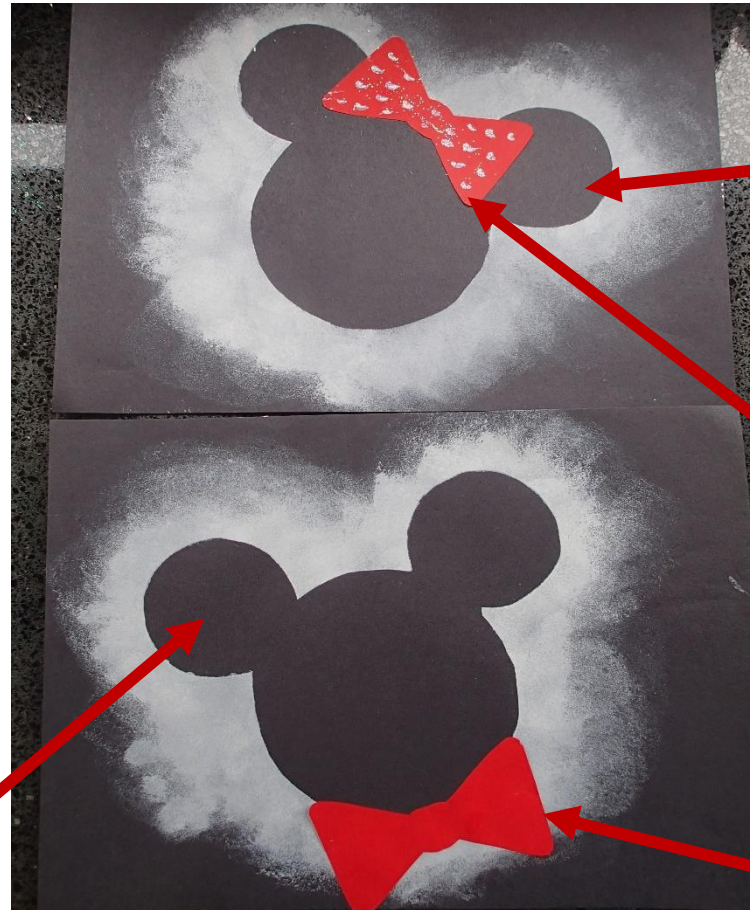

- Glitter
- Coloured paper for background

Watch along with Amanda: <https://youtu.be/2DwV8jJFxlQ>

Step 1 - draw your own template by tracing a larger circle and 2 smaller circles for ears, or use the template below. Cut out the shape.

Step 2 - place the cut out 'mickey' head into the middle of the page. Use a sponge or brush to dab paint over the shape and onto the paper, being careful not to move the cut-out.

Step 3- carefully remove the shape and leave painting to dry.

Step 4- cut out a bow shape on some red paper, or paper painted red. There is a template below.

Step 5- Glue bow onto the painting. Glue under the head for Mickey, and between the ears for Minnie. You can add spots for Minnie

OPTIONAL

You can make both mickey and Minnie using the same template. Experiment with different coloured backgrounds and paint
