### You will Need:

- Hawaiian leis OR flower garlands OR fresh/artificial flowers OR paper leis made up of different coloured paper (tissue, crepe, wrapping, magazines, etc.) threaded all together
- tutu OR grass skirt OR old bed sheet/blanket to wrap around waist

### How To Make Paper Leis

1. Make a pile of about 10 or more coloured sheets of paper. Using a pen/pencil trace flower template.
2. Cut out the flower using a pair of scissors. Repeat this process until you have lots of paper cut outs, then thread them all together with a needle.
